02

Avalie a redação das seguintes frases:

- I. *O futebol conquistou um papel na sociedade tanto culturalmente como econômico e político.*
- II. *Os clubes buscam a expansão do número de associados bem como reduzir gastos com publicidade.*
- III. *Doravante tais fatos, fica claro que o futebol exerce uma grande influência no cotidiano do brasileiro.*
- IV. *O técnico declarou aos jornalistas que, para o próximo jogo, ele tem uma carta na manga do colete.*

a) Reescreva as frases I e II, corrigindo a falta de paralelismo nelas presente.

b) Reescreva as frases III e IV, eliminando a inadequação vocabular que elas apresentam.

03

Considere o seguinte texto, para atender ao que se pede:

O orgulho é a consciência (certa ou errada) do nosso próprio mérito; a vaidade, a consciência (certa ou errada) da evidência do nosso próprio mérito para os outros. Um homem pode ser orgulhoso sem ser vaidoso, pode ser ambas as coisas, vaidoso e orgulhoso, pode ser — pois tal é a natureza humana — vaidoso sem ser orgulhoso. É difícil à primeira vista compreender como podemos ter consciência da evidência do nosso mérito para os outros, sem a consciência do nosso próprio mérito. Se a natureza humana fosse racional, não haveria explicação alguma. Contudo, o homem vive a princípio uma vida exterior, e mais tarde uma interior; a noção de efeito precede, na evolução da mente, a noção de causa interior desse mesmo efeito. O homem prefere ser exaltado por aquilo que não é, a ser tido em menor conta por aquilo que é. É a vaidade em ação.

Fernando Pessoa, Da literatura europeia.

- a) Considerando-a no contexto em que ocorre, explique a frase “o homem vive a princípio uma vida exterior, e mais tarde uma interior”.
- b) Reescreva a frase “O homem prefere ser exaltado por aquilo que não é, a ser tido em menor conta por aquilo que é”, substituindo por sinônimos as expressões sublinhadas.

04

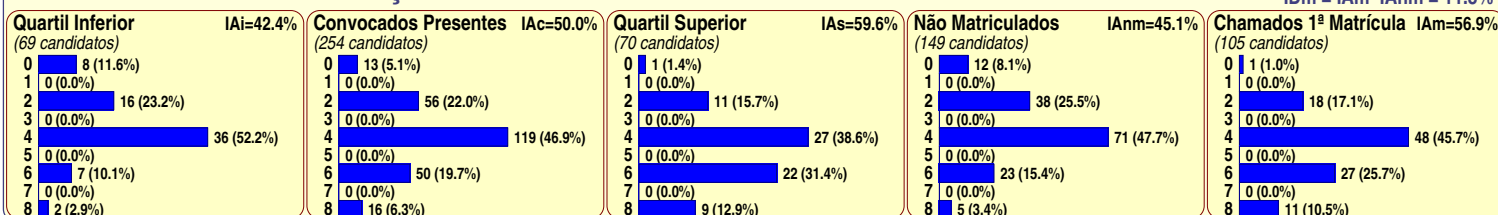

Entrevistado por Clarice Lispector, para a pergunta “Como você encara o problema da maturidade?”, Tom Jobim deu a seguinte resposta: “Tem um verso do Drummond que diz: ‘A madureza, esta horrível prenda...’ Não sei, Clarice, a gente fica mais capaz, mas também mais exigente”.

Nota: O verso citado por Tom Jobim é o início do poema “A ingaia ciência”, de Carlos Drummond de Andrade, e sua versão correta é: “A madureza, essa terrível prenda”.

- a) Aponte dois recursos expressivos empregados pelo poeta na expressão “terrível prenda”.
- b) Reescreva a resposta de Tom Jobim, eliminando as marcas de coloquialidade que ela apresenta e fazendo as alterações necessárias.

Leia o seguinte texto, para atender ao que se pede:

Conversa de abril

É abril, me perdoareis. Estou completamente cansado. Retorno à aldeia depois de três dias de galope de jipe pelas estradas confusas de caminhos e poeira e explosões. Tenho no bolso um caderno de notas. Quereis que vos descreva essas montanhas e vales, e o que fazem os seres humanos neste tempo de primavera? Deixai-me estirar o corpo na cama; depois tiro as botas. Ouvi-me. As montanhas, já vos descreverei as montanhas.

Rubem Braga*

*Rubem Braga foi correspondente de guerra junto à FEB, Força Expedicionária Brasileira, durante a Segunda Guerra Mundial. O fragmento acima pertence a uma de suas crônicas desse período.

a) Reescreva o seguinte trecho, dando-lhe características narrativas e empregando a terceira pessoa do plural, em lugar da segunda:
"Tenho no bolso um caderno de notas. Quereis que vos descreva essas montanhas e vales, e o que fazem os seres humanos neste tempo de primavera?"

b) Tendo em vista as informações contidas no excerto, o início do texto – "É abril" – é coerente com o emprego do pronome este, em "neste tempo de primavera"? Explique.

Leia o seguinte trecho de uma reportagem, para em seguida atender ao que se pede:

Cantoria de sabiá-laranjeira na madrugada divide ouvidos paulistanos

Diz uma antiga lenda indígena que, durante as madrugadas, no início da primavera, quando uma criança ouve o canto de um sabiá-laranjeira, ela é abençoada com amor, felicidade e paz. Isso lá na floresta. Na selva urbana, a história é outra: tem gente se revirando na cama com a sinfonia que chega a durar duas horas seguidas antes mesmo de clarear o dia.

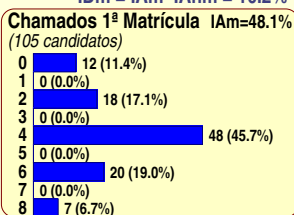

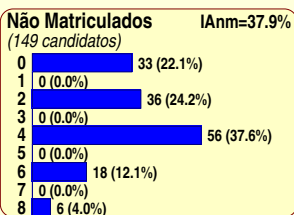

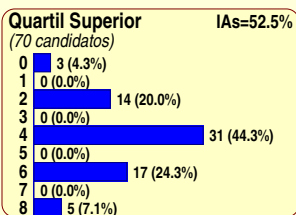

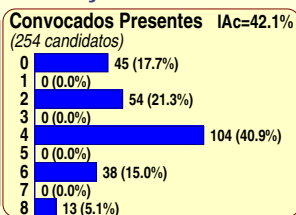

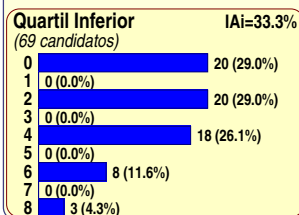

"Morei 35 anos no interior paulista e nunca fui acordada por passarinho algum", conta uma moradora do Brooklin (zona sul). "Agora, em plena São Paulo barulhenta e caótica, minhas madrugadas têm sido bem diferentes".

Folha de S. Paulo, 16/09/2013. Adaptado.

- a) Tendo em vista o contexto, é possível concluir, de modo irrefutável, que a citada moradora do Brooklin faz parte dos paulistanos que não apreciam o canto do sabiá-laranjeira? Justifique com base no texto.
- b) Reescreva os trechos do texto que se encontram em discurso direto, empregando o discurso indireto e fazendo as modificações necessárias.

No breve “Prólogo da 3ª edição” das **Memórias póstumas de Brás Cubas**, assinado pelo autor, Machado de Assis, constava o seguinte trecho:

Capistrano de Abreu, noticiando a publicação do livro, perguntava: “As Memórias póstumas de Brás Cubas são um romance?” Macedo Soares, em carta que me escreveu por esse tempo, recordava amigamente as Viagens na minha terra. Ao primeiro respondia já o defunto Brás Cubas (como o leitor viu e verá no prólogo dele que vai adiante) que sim e que não, que era romance para uns e não o era para outros. Quanto ao segundo, assim se explicou o finado: “Trata-se de uma obra difusa, na qual eu, Brás Cubas, se adotei a forma livre de um Sterne ou de um Xavier de Maistre, não sei se lhe meti algumas rabugens de pessimismo”. Toda essa gente viajou: Xavier de Maistre à roda do quarto, Garrett na terra dele, Sterne na terra dos outros. De Brás Cubas se pode talvez dizer que viajou à roda da vida.

O que faz do meu Brás Cubas um autor particular é o que ele chama “rabugens de pessimismo”. Há na alma deste livro, por mais risonho que pareça, um sentimento amargo e áspero, que está longe de vir dos seus modelos. É taça que pode ter lavores de igual escola, mas leva outro vinho.

Machado de Assis

Considerando esse trecho no contexto da obra à qual se incorpora, atenda ao que se pede.

- Identifique um aspecto das **Memórias póstumas de Brás Cubas** capaz de ter suscitado a dúvida expressa por Capistrano de Abreu. Explique resumidamente.
- Em que consistem os “lavores de igual escola”, a que se refere o autor, no final do trecho? Explique sucintamente.

08

Considere o excerto abaixo, no qual o narrador de *A cidade e as serras*, de Eça de Queirós, contempla a cidade de Paris.

(...) E por aquela doce tarde de maio eu saí para tomar no terraço um café cor de chapéu-coco, que sabia a fava.

Com o charuto aceso contemplei o Boulevard, àquela hora em toda a pressa e estridor da sua grossa sociabilidade. A densa torrente dos ônibus, calhambeques, carroças, parelhas de luxo, rolava vivamente, com toda uma escura humanidade formigando entre patas e rodas, numa pressa inquieta. Aquele movimento indesejado e rude depressa entonteceu este espírito, por cinco quietos anos afeito à quietação das serras imutáveis. Tentava então, puerilmente, repousar nalguma forma imóvel, ônibus que parara, fiacre que estacara num brusco escorregar da pileca; mas logo algum dorso apressado se encafuava pela portinhola da tipoia, ou um cacho de figuras escuras trepava sofregamente para o ônibus — e, rápido, recomeçava o rolar retumbante.

- a) No trecho “com toda uma escura humanidade formigando entre patas e rodas”, pode-se reconhecer a marca de qual escola literária? Justifique sucintamente sua resposta.
- b) Tendo em vista que *contemplar* significa “fixar o olhar em (alguém, algo ou si mesmo), com encantamento, com admiração” (Dicionário Houaiss) ou “olhar, observar, atenta ou embevecidamente” (Dicionário Aurélio), qual é a experiência vivida pelo narrador, no excerto, e que sentido ela tem no contexto da época em que se passa a história narrada no romance?

09

Observe o seguinte trecho de *Til*, de José de Alencar, no qual o narrador caracteriza a personagem Berta:

Contradição viva, seu gênio é o ser e o não ser. Busquem nela a graça da moça e encontrarão o estouvamento do menino; porém mal se apercebiam da ilusão, que já a imagem da mulher despontará em toda sua esplêndida fascinação. A antítese banal do anjo-demônio torna-se realidade nela, em quem se cambiam no sorriso ou no olhar a serenidade celeste com os fulvos lampejos da paixão, à semelhança do firmamento onde ao radiante matiz da aurora sucedem os fulgores sinistros da procela.

- a) Segundo o narrador, Berta é uma “contradição viva”, cujo “gênio é o ser e o não ser”. Como essa característica da personagem se relaciona à principal função que ela desempenha na trama do romance?
- b) Considerando a expressão “anjo-demônio” no contexto cultural da época em que foi escrito o romance, justifica-se o fato de o narrador classificá-la como “antítese banal”? Explique resumidamente.

No poema “Sentimento do mundo”, que abre o livro homônimo de Carlos Drummond de Andrade, dizem os versos iniciais:

*Tenho apenas duas mãos
e o sentimento do mundo,*

Considerando esses versos no contexto da obra a que pertencem, responda ao que se pede.

- a) Que desejo do poeta fica pressuposto no verso “Tenho apenas duas mãos”?
- b) No poema de abertura do primeiro livro de Carlos Drummond de Andrade – *Alguma poesia* (1930) – apareciam os conhecidos versos

*Mundo mundo vasto mundo
mais vasto é meu coração.*

Quando, anos depois, o poeta afirma ter “o sentimento do mundo”, ele ratifica ou altera o ponto de vista que expressara nos citados versos de seu livro de estreia? Explique sucintamente.

07

Ontem, segunda-feira, 27 de abril de 1500, descemos a terra eu, o piloto do Capitão-Mor e o piloto de Sancho Tovar e medimos a altura do Sol ao meio-dia e a fixamos em 56 graus, e a sombra era setentrional, pelo que, de acordo com as regras do astrolábio, julgamos que estávamos a 17 graus da linha do equador.*

Relato de Mestre João, chefe dos pilotos da armada de Pedro Álvares Cabral, ao rei de Portugal D. Manuel I, 1500. Adaptado.

*tal data refere-se a uma medida do Calendário Juliano, que vigorava na época; pelo atual Calendário Gregoriano, ela corresponderia a 09 de maio do mesmo ano.

- a) Qual é a latitude sobre a qual o Sol estava a pino, no momento em que ocorreu a medição mencionada no texto?
- b) Explique a relação existente entre a expansão ultramarina portuguesa e a linguagem matemática presente no texto.

08

Um grupo de pesquisadores da área de nutrição realizou um experimento para verificar se o peptídeo de fórmula $C_9H_{16}O_5N_2S$, que pode ser tóxico, estava presente em uma amostra de feijão. Para esse estudo, o grupo utilizou um espectrômetro de massa cujo funcionamento se baseia na medida do tempo que moléculas de diferentes massas, extraídas da amostra, levam para percorrer, com velocidade constante, um tubo de comprimento L , em vácuo.

- a) Supondo que todas as moléculas penetrem no tubo com a mesma energia cinética E , escreva a expressão da massa m de uma molécula em função do comprimento L , da energia E e do tempo Δt que ela leva para percorrer o tubo.
- b) Determine a massa molecular M_p do peptídeo $C_9H_{16}O_5N_2S$.

Com os dados obtidos, foi construído o gráfico da página de respostas, que mostra o número N de moléculas detectadas em função da massa molecular M .

- c) Qual das linhas do gráfico corresponde ao peptídeo $C_9H_{16}O_5N_2S$? E qual corresponde a moléculas formadas pela ligação desse peptídeo com um átomo de sódio (Na)?

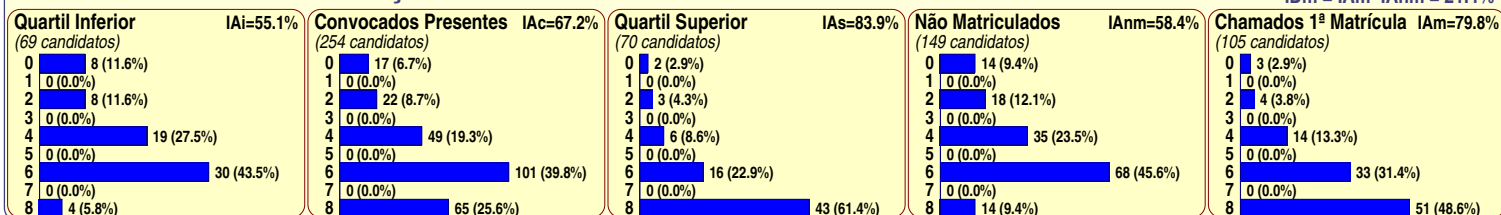

Note e adote:

Elemento	Massa atômica (u)
H	1
C	12
N	14
O	16
Na	23
S	32

u = unidade de massa atômica.

Observe estes mapas:

Lopo Homem e Diogo Homem. Atlas Miller, c.1519 (detalhe).

Brasil - vegetação. IBGE, Atlas Geográfico Escolar, 2009. Adaptado.

- a) Identifique duas diferenças significativas entre os mapas, quanto à forma de representação cartográfica.
- b) Qual era o principal objetivo de cada mapa, considerando os diferentes contextos históricos em que foram criados?

H01

Vivemos numa forma de governo que não se baseia nas instituições de nossos vizinhos; ao contrário, servimos de modelo a alguns, ao invés de imitar outros. [...] Nela, enquanto no tocante às leis todos são iguais para a solução de suas divergências privadas, quando se trata de escolher (se é preciso distinguir em algum setor), não é o fato de pertencer a uma classe, mas o mérito, que dá acesso aos postos mais honrosos; inversamente, a pobreza não é razão para que alguém, sendo capaz de prestar serviços à cidade, seja impedido de fazê-lo pela obscuridade de sua condição. Conduzimo-nos liberalmente em nossa vida pública, e não observamos com uma curiosidade suspicaz [desconfiada] a vida privada de nossos concidadãos, pois não nos ressentimos com nosso vizinho se ele age como lhe apraz, nem o olhamos com ares de reprovação que, embora inócuos, lhe causariam desgosto. Ao mesmo tempo que evitamos ofender os outros em nosso convívio privado, em nossa vida pública nos afastamos da ilegalidade principalmente por causa de um temor reverente, pois somos submissos às autoridades e às leis, especialmente àquelas promulgadas para socorrer os oprimidos e às que, embora não escritas, trazem aos agressores uma desonra visível a todos.

Oração fúnebre de Péricles, 430 a.C., in Tucídides. História da Guerra do Peloponeso. Brasília: Editora UnB, 2001, p. 109. Adaptado.

- Com base nas informações contidas no texto, identifique o sistema político nele descrito e indique suas principais características.
- Identifique a cidade que foi a principal adversária de Atenas na Guerra do Peloponeso e diferencie os sistemas políticos vigentes em cada uma delas.

H02

O problema agrário era portanto o fundamental no ano de 1789, e é fácil compreender por que a primeira escola sistematizada de economia do continente, os fisiocratas franceses, tomara como verdade o fato de que a terra, e o aluguel da terra, era a única fonte de renda líquida. E o ponto crucial do problema agrário era a relação entre os que cultivavam a terra e os que a possuíam, os que produziam sua riqueza e os que a acumulavam.

Eric Hobsbawm. A era das revoluções. 1789-1848. Rio de Janeiro: Paz e Terra, 1982, p. 29.

- a) Caracterize o momento social e econômico por que a França passava no período a que se refere o texto.
- b) Quais são as principais diferenças entre as propostas fisiocratas e as práticas mercantilistas anteriores a elas?

H03

Subindo ao poder em outubro de 1930, Getúlio Vargas nele permaneceu por quinze anos, sucessivamente, como chefe de um governo provisório, presidente eleito pelo voto indireto e ditador. Deposto em 1945, seria eleito presidente pelo voto popular em 1950, não chegando a completar o mandato por se suicidar em 1954.

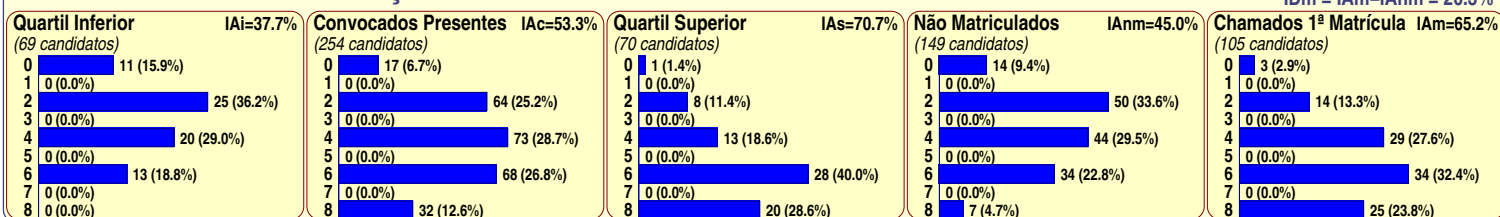

Boris Fausto. História do Brasil. 2ª ed. São Paulo: Edusp, 1995, p. 331. Adaptado.

O primeiro período de governo de Getúlio Vargas (1930-1945) iniciou-se com um golpe; o último (1951-1954), com um processo eleitoral direto.

- a) Identifique outras duas diferenças entre esses períodos.
- b) Caracterize as relações entre o Brasil e os Estados Unidos da América em cada um desses períodos.

H04

A República não foi uma transformação pacífica. Bem ao contrário. Para além da surpresa provocada pelo golpe de Estado de 15 de novembro, seguiu-se uma década de conflitos e violências de toda ordem, na qual se sucederam as dissensões militares, os conflitos intraoligárquicos, os motins populares, a guerra civil, o atentado político contra a vida de um presidente da República. No interior dessas lutas se forjou a transformação do Estado Imperial em Estado Republicano, do Império Unitário em República Federativa, do parlamentarismo em presidencialismo, do bipartidarismo organizado nacionalmente em um sistema de partidos únicos estaduais. Forjou-se um novo pacto entre as elites e um novo papel para as forças armadas.

Wilma Peres Costa. A espada de Dâmocles. São Paulo: Hucitec, 1996, p. 16.

- a) Identifique e caracterize um episódio conflituoso próprio dos primeiros anos da República no Brasil.
- b) Explique o “novo papel para as forças armadas” a que se refere o texto.

H05

Viktor Koretsky, Soldado, liberte sua Bielorrússia, 1943.

Anônimo, Libertadores, 1944.

As duas imagens acima foram divulgadas durante a Segunda Guerra Mundial, respectivamente, na União Soviética e na Alemanha.

- Indique semelhanças e diferenças de maior relevância entre elas, no tocante à relação forma-conteúdo.
- Qual era a situação político-militar vivida por esses países, no momento em que os cartazes foram produzidos?

H06

O Plano Colômbia inicial consistia antes de tudo em uma ajuda militar destinada à erradicação das plantações de droga. Os programas de fumigação não tiveram início com ele: existiram desde 1994. Isto não impediu um crescimento ainda maior da superfície cultivada. Com o Plano Colômbia, e sobretudo a partir de 2001, esses programas adquiriram nova dimensão. Entretanto, não parece que eles tenham tido, tampouco, mais sucesso.

Daniel Pécaut, "Lógicas econômicas, militares e políticas na 'guerra' colombiana".
In: C. Brigagão & D. Proença Jr. (orgs.). Paz e terrorismo. São Paulo: Hucitec, 2004, p. 255.

- a) Qual foi o papel desempenhado pelos Estados Unidos da América na implementação do "Plano Colômbia"?
- b) A afirmação do autor de que o "Plano Colômbia" e outros programas semelhantes a ele, aparentemente, não tiveram grande sucesso se justifica? Explique.

04

Considere os gráficos sobre a urbanização no Brasil.

Com base nos gráficos e em seus conhecimentos, explique

- a mudança do predomínio da população rural para o da população urbana;
- o fenômeno da urbanização, na última década acima representada, comparando as regiões Nordeste e Sudeste.

G01

Os gráficos abaixo representam a composição da população brasileira, por sexo e idade, nos anos de 1990 e 2013, bem como sua projeção para 2050.

Observe que, para cada ano, está destacado o percentual da população economicamente ativa (PEA).

www.ibge.gov.br. Acessado em 20/08/2013. Adaptado.

Com base nas informações acima e em seus conhecimentos, atenda ao que se pede.

- Na atualidade, o Brasil encontra-se no período denominado "janela demográfica". Caracterize esse período.
- Análise a pirâmide etária de 2050 e cite duas medidas que poderão ser tomadas pelo governo brasileiro para garantir o bem-estar da população nesse contexto demográfico. Explique.

Considere os mapas a seguir.

BRASIL: EFETIVO DE BOVINOS (1995)

BRASIL: EFETIVO DE BOVINOS (2006)

IBGE, Atlas Rural do Brasil, 2012. Adaptado.

Os mapas representam alterações na distribuição espacial e quantitativa do efetivo de bovinos no Brasil.

- Identifique e explique dois fatores responsáveis por essa mudança.
- Explique dois impactos ambientais decorrentes da alteração na distribuição espacial do efetivo de bovinos, no Brasil.

G03

A Coreia do Sul e a Coreia do Norte têm populações com a mesma composição étnica, mas modelos políticos e econômicos contrastantes.

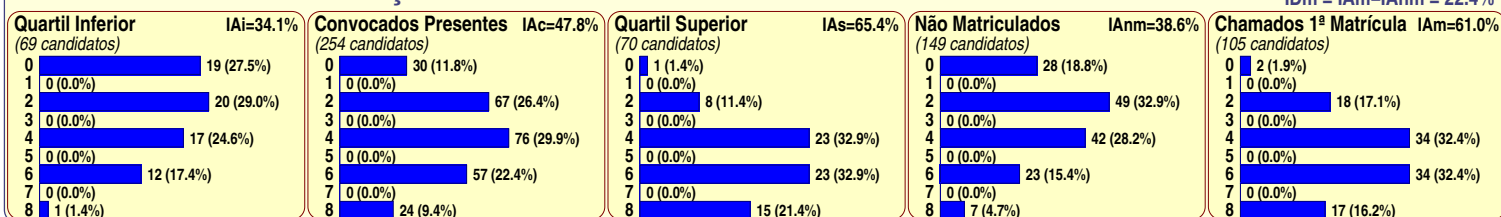

Exame, abril de 2013. Adaptado.

Com base nas informações acima e em seus conhecimentos,

- descreva o processo de divisão política que levou à formação desses dois países situados na península da Coreia, caracterizando seus respectivos regimes políticos;
- explique qual é a posição de cada um desses países em relação à questão nuclear atual;
- explique a situação atual de cada um desses dois países, no contexto das exportações mundiais. Justifique com exemplos.

Considere o mapa esquemático do rodoanel na região metropolitana de São Paulo.

www.dersa.sp.gov.br. Acessado em 20/10/2013. Adaptado.

Com base no mapa e em seus conhecimentos, atenda ao que se pede.

- Identifique um impacto ambiental e um impacto social que poderão ocorrer nessa região com a construção do trecho norte do rodoanel. Explique.
- O Estado de São Paulo é um importante produtor/exportador de laranja e de seus derivados. Cite uma área com importante produção no Estado e identifique, a partir do mapa, os trajetos rodoviários mais utilizados para o escoamento dessa produção até o seu principal porto de exportação.

605

O perfil topográfico, abaixo, apresenta alguns aspectos estruturais da vegetação nativa e do comportamento dos totais anuais de chuva em um segmento que se estende do litoral até os contrafortes da Serra da Mantiqueira.

Kurt Hueck, As florestas da América do Sul, 1972. Adaptado.

Com base nessas informações e em seus conhecimentos, atenda ao que se pede.

- Das seções numeradas de 1 a 18, considere as que correspondem à Serra do Mar, identificando aquela onde, tendo em vista os fatores naturais, os processos erosivos podem ser mais frequentes e intensos. Justifique.
- Observe que, na encosta escarpada da Serra da Mantiqueira, a estatura da vegetação aumenta em direção às partes mais baixas. Identifique duas causas desse fenômeno. Explique.

G06

Análise os dados de população e o PNB (Produto Nacional Bruto) da União Europeia e da Índia, apresentados abaixo.

www.un.org. Acessado em 18/07/2013, Adaptado.

Com base nessas informações e em seus conhecimentos,

- discuta a relação população/PNB na União Europeia e na Índia e compare as implicações sociais passíveis de serem inferidas dessas informações;
- identifique um país asiático insular no qual a proporção entre população e PNB seja semelhante à da União Europeia. Analise a atual inserção desse país no cenário econômico mundial.

01

In the future, more robots will occupy a strange gray zone: doing not only jobs that humans can do but also jobs that require social grace. In the last decade, an interdisciplinary field of research called Human-Robot Interaction (H.R.I.) has arisen to study the factors that make robots work well with humans, and how humans view their robotic counterparts.

H.R.I. researchers have discovered some rather surprising things: a robot's behavior can have a bigger impact on its relationship with humans than its design; many of the rules that govern human relationships apply equally well to human-robot relations; and people will read emotions and motivations into a robot's behavior that far exceed the robot's capabilities. As we employ those lessons to build robots that can be better caretakers, maids and emergency responders, we risk further blurring the (once unnecessary) line between tools and beings.

The New York Times - International Herald Tribune, September 17, 2013. Adaptado.

Com base no texto, responda em português:

- Qual é o foco específico dos estudos realizados no campo de pesquisas denominado "Human-Robot Interaction" (H.R.I.)?
- O que os pesquisadores do H.R.I. têm descoberto sobre as reações dos humanos ao comportamento dos robôs?

02

Plastic pollution is quite literally an ever-growing problem. A new scheme aims to encourage people living in impoverished regions to tackle the problem of plastic waste. Plastic collected from homes or common littering sites, such as beaches, will be exchangeable at a 'Plastic Bank' for goods, 3D printed products (made from the plastic the bank recycles) and micro-finance loans. A pilot of the scheme is being launched in Lima, Peru, next year, with plans to open Plastic Banks worldwide if it is successful.

Plastic Bank is a business: it will generate profit by selling on the plastic it recycles. But the founders seem confident that it will have a positive social impact too. Shaun Frankson, co-founder of Plastic Bank, explains that they hope the social improvement aspect of the recycled waste – which they term 'social plastic' – will increase its value to the end consumer (in the same manner as fair trade products).

<http://www.forumforthefuture.org/greenfutures>, September 12, 2013. Adaptado.

Com base no texto, responda em português:

- Como o "Plastic Bank" vai funcionar?
- Que resultados o "Plastic Bank" espera obter?
